RELEVANT PROJECTS

Creation of web and mobile apps   **Fall 2022**
- Designed, implemented, deployed, and monitored a web and mobile asset management application with the .NET MAUI Blazor app for my senior design project with four Computer Science students.
- My task included designing and implementing an appealing and interactive interface for a better user experience using HTML, CSS, JavaScript, C#, and Bootstrap.
- Added routing to each component/page

Design of a Relational Database   **Spring 2022**
- Designed and implemented a database with three other computer Science students, starting from the E/R diagram model to the implementation on MySQL.

Creation of rental fleet manager
- Designed and implemented a C++ program that helps rental car companies to manage their rental fleet

RELEVANT EXPERIENCE

Creation and maintenance of my website   **Spring 2021**
Creator of https://www.emdidi.net/
- Designed, implemented, deployed, and monitored an interactive and responsive website using HTML, CSS, JavaScript, Bootstrap.
- Designed and implemented a match picture game
- Used HTML, CSS, Bootstrap, and JavaScript in creation, and maintenance.

Photoshop Editor Intern   **Dec. 2019 – April 2020**
Wichita Thunder Hockey, Wichita, KS
- Edited pictures using the composition method to remove old background images and add new ones to make them appealing without destroying the original image.

Tutoring   **Aug. 2016-June 2017**
Abidjan, COTE D'IVOIRE
- Taught older adults to write and read in French

ACTIVITIES AND AFFILIATIONS

Member, IEEE-HKN	**Spring 2022**
Volunteer, VolunteerICT, Wichita Clean streams, Wichita State University	**April 9, 2022**
Volunteer, WSU GoBabyGo, Wichita State University	**Fall 2021**
Member and Volunteer, African Caribbean Student Association, WSU	**Spring 2018**
